

1 To analyze the price of the MegaPark homes, it takes to know These 4 categories:

Since MegaPark makes custom built houses, you can obtain a parametric price that is used to provide us with a general idea of what would be the actual price of the house. The final price is fixed once the finishes have been selected and the building project has been budgeted.

MegaPark absorbs any high on the cost of materials, if the prices raise. This price does not include exterior work such as bards, gardens, fences, among others, which depend on each lot, but MegaPark can build it for you with a prior budget.

2 The price includes your house ready to be lived in, it does not take anything else for you to move in there immediately.

Your house will include:

1. Integral air conditioning all around the house
2. Integral kitchen
3. Ceramic floors
4. Super isolated walls and roofs
5. Glass and aluminum windows
6. Furniture, faucets and bathroom accessories
7. Closets in all bedrooms
8. Aluminum glass case in all bathrooms
9. Support for the hiring or the following services: power, water and gas.
10. A gas tank
11. Fumigation against termites
12. Support from Panel Rey in structural calculation
13. Main, inside and outside doors
14. Water heater
15. Washing place
16. Custom design to your size, taste and need (by a particular architect)

3 Plus, any of the finishes of your house can be modified.

Just by reducing the finish cost established and adding the one that you chose.

4 And not only that, you can request additional finishes

These are estimated with MegaPark discounts and are installed under our supervision. Anything from roof fans, alarms, sound systems, internet connections, electric garage entrance, Jacuzzi, water filter, water deposit, hydro neumatic appliances, dish washer, curtains, swimming pool, anything you desire.

Optional Additional Finishes

Besides, MegaPark can install for you, prior budget, whatever you want:

Washing machine, drying machine, stove, oven, microwave oven, waste grinder, refrigerator, blinds, lamps, in-wall furniture, special soffits, telephone, wireless internet connection, watering system, garage door, domes, among others.

The price of all finishes applied and the contracts necessary for it are included in the house price, so you can start living in your residence comfortably.

And remember: No one else but MegaPark is able to build a saving house by your taste.

Think it well, with MegaPark is better.
